| (Street or P.O. Box) | | | (City) | (Si | ate) (Zip Code) | |
| County | of Da | m's Location: Richland | Owner's Tel | lephone No.: | | |
| Tax M | ap Nui | nber of Property on Which Dam Will Be | Ruilt: 27200-0 | 1-01 | | |
| Applica | ution Is | Submitted For a Permit to: | | | | |
| | | Construct a new dam | Remove t | existing dam | | |
| | | Repair existing dam | ☐ Enlurge e | xisting dam | es es | |
| PART | ъ. с | GENERAL INFORMATION | | | | |
| | | t basic information is pertinent to the plan a qualified engineer. | is and specification | s and should be | assembled by or with the | |
| | I. | Structural height of dam: (Measured from low point on origina | l ground profile to | 15 top of dam) | feet | |
| | 2. | Surface area of impoundment at normal pool level: | | 22 | acres | |
| | 3. | Volume of water impounded at normal pool level: | | 132 | ucre fèet | |
| | 4. | Watershed area: | | 20,918 | ncres | |
| | 5. | Give a brief description of the watershed characteristics (include ground cover, slope, shape & soils, | | | | |
| | The watershed contains primarily rural areas along with large tracts of woods and pastures. The upper two thirds of the watershed is moderately sloped while the lower one third of the watershed is gently sloped. The watershed contains mostly SCS "B" type soils. | | | | | |
| | რ. | Is there an existing water impoundment on the same stream? Yes X No | | | | |
| | | If yes, distance: 2.7 miles, Upstream X or Downstream. (check appropriate box). | | | | |
| | 7. | Name of stream: Cedar Creek | | | | |
| | 8. | Describe the downstream area of pos | | | est and | |

(description of downstream area of potential damage continued) Old Bluff Road is located approximately 0.5 miles downstream of the dam. Beyond Old Bluff Road is a very large tract of woods to the Congarae River. Stream flow is: Intermittent Permanent X If permanent, estimated flow is __ 5 9, 10. Give a brief statement pertaining to probable future development of the area downstream from the dam that would be affected by its failure. There is no future development proposed. 11. Impoundment presently is or will be used for: Aquaculture Describe location of site or proposed site. 12. Nearest Community: Hopkins County: Richland Give distance and direction from nearest town, city, road intersection, or street intersection. Pond is located on the north side of Old Bluff road approximately 2.9 miles south of the intersection of Bluff Road and Old Bluff Road. (600 Old Bluff Road) 13. Attach a U. S. Geological Survey map or aerial photograph showing the exact location of dam, location of roads, utilities, access to site, outline of reservolr, watershed and property lines. Property lines in relation to proposed dam may be shown on a sketch. 14. Was the above information obtained with the assistance of a registered professional engineer legally qualified in the state? Yes X No If yes, give: Name: Dan Creed, P.E. P.O. Box 923 Blythewood, SC 29016 Telephone: 803-714-9632 SC Registration No.: 15843 I hereby certify that the information contained in this application is true and correct to the best of my knowledge. I fully understand that any willful misrepresentation of facts may cause denial or revocation of the subject permit, and further may result in criminal prosecution. lavid Burnside (POA) Owner's Name Printed: Date:(MM/DD/VVV) JAH. 7, 2016 Owner's Signature:

Send completed application with map, plans, specifications, and design calculations to the South Carolina Department of Health and Environmental Control. Dams and Reservoirs Safety, at the address below:
