APPLICATION TO CONSTRUCT OR ALTER A DAM

PRICKETT'S POND DAM (D-3724)

PART A. OWNER & APPLICATION TYPE

ddress:				
	treet or P.O. Box)	(City)	(State	c) (Zip Code)
unty of Da	m's Location: Orangeburg	Owner's Te	lephone No.: (80	03) 682-3434
x Map Nu	mber of Property on Which Dam Will Be	Built: 0213-00-	04-014.000	
plication I	's Submitted For a Permit to:			
	Construct a new dam	Remove	existing dam	
	Repair existing dam	Enlarge e	existing dam	
ART B. (GENERAL INFORMATION			
	g basic information is pertinent to the plans a qualified engineer.	and specification	ns and should be ass	sembled by or with the
I.	Structural height of dam: (Measured from low point on original	ground profile to	14.00 top of dam)	feet
2.	Surface area of impoundment at norm	nal pool level:	10.00	acres
<i>3</i> .	Volume of water impounded at norma	al pool level:	56.00	_acre feet
4.	Watershed area:		1,195.00	_acres
5.	Give a brief description of the watersh			
The wate	watershed for Picketts Pond Dam is con ershed is also gently sloped and and con	nprised mostly of tains primarily SC	woods with some CS "B" and "C" typ	agricultural areas. Th e soils.
6.	Is there an existing water impoundme	ent on the same si	tream? Yes 🗀 N	No v
	If yes, distance: mile	s, Upstream	or Downstream.	(check appropriate bo
7.	Name of stream: Bay Branch			
8.	Describe the downstream area of pote Include: a. Number and type of b	_	case of failure of th	se dam.
	b. If homes are included c. Number and description d. Distance downstream	l, total number of ion of public utilit	ties and roads;	icant's property line

(description of downstream area of potential damage continued) SC Highway 33 and a Railway line are located approximately 510 feet and 600 feet respectively downstream of Prickett's Pond Dam. Stream flow is: Intermittent Permanent If permanent, estimated flow is 2.00 9. cfs. 10. Give a brief statement pertaining to probable future development of the area downstream from the dam that would be affected by its failure. There is no known development for the areas downstream of Prickett's Pond Dam. 11. Impoundment presently is or will be used for: recreation 12. Describe location of site or proposed site. Nearest Community: Cameron County: Calhoun Give distance and direction from nearest town, city, road intersection, or street intersection. Pricketts Pond Dam is located upstream of S. C. Highway 33 approximately one mile west of the Town of Cameron at latitude/longitude coordinates 33.546115, -80.741624. 13. Attach a U. S. Geological Survey map or aerial photograph showing the exact location of dam, location of roads, utilities, access to site, outline of reservoir, watershed and property lines. Property lines in relation to proposed dam may be shown on a sketch. Was the above information obtained with the assistance of a registered professional engineer legally 14. qualified in the state? Yes No If yes, give: Name: Dan Creed, P.E. Address: P.O. Box 923 Blythewood, SC 29016 Telephone: (803) 714-9632 SC Registration No.: 15843 I hereby certify that the information contained in this application is true and correct to the best of my knowledge. I fully understand that any willful misrepresentation of facts may cause denial or revocation of the subject permit, and further may result in criminal prosecution. Owner's Name Printed: Lee Prickett Date: (MM/DD/YYYY) 8-16-16 Owner's Signature: Send completed application with map, plans specifications, and design calculations to the South Carolina

INS TRUCTIONS FOR COMPLETING Application to Construct or Alter a Dam - DHEC 2602 (6/94)

PURPOS-

To apply to construct or alter a dam regulated under the S. C. Dams and Reservoirs Safety Asset

EXPLANATION AND DEFINITION:

ttem by Item instructions for Part A.

ivame of owner of subject dam: Self-explanatory.

Address of owner: Self-explanatory.

County: County in which dam is located.

Telephone: Telephone number of owner, include area code.

Tax Map Number of Property on Which Dam Will Be Built: Give County Tax Map Number for Property.

Application is submitted for a permit to: Check applicable box.

Item by Item Instructions for Part B.

- 1. Structural height of dam: Self-explanatory.
- 2. Surface area of impoundment: Self-explanatory.
- 3. Volume of water: Self-explanatory.
- 4. Watershed area: Area that drains into reservoir, in acres.
- 5. Brief description of watershed characteristics: Follow instructions on form.
- 6. Existing water impoundment on the same stream: Self-explanatory.
- 7. Name of stream: Name of creek, river, etc., on which dam is located (see USGS quad sheets for official name). If not named, put "unnamed".
- 8. Area of potential damage: Follow instructions on form.
- 9. Stream flow: Self-explanatory.
- 10. Brief statement pertaining to probable future development: Self-explanatory.
- 11. Impoundment presently is or will be used for: Purpose that reservoir/dam serves. For example: recreation, agriculture, wildlife management, etc.
- 12. Describe location of site or proposed site: Follow instructions on form.
- 13. Attach a U. S. Geological Survey map: Follow instructions on form.

Remainder of form is self-explanatory.
