Subject:
Monthly Progress Report – March 2010
AVX Corporation, Myrtle Beach Facility
801 17th Avenue South
Horry County, Myrtle Beach, South Carolina
SCD 062 690 557

Dear Ms. Minsk and Mr. Berresford:

On behalf of AVX Corporation (AVX), ARCADIS respectfully submits five copies of this Monthly Progress Report for March 2010 to the South Carolina Department of Health and Environmental Control (SCDHEC) for the AVX site located at 801 17th Avenue South in Horry County, Myrtle Beach, South Carolina (site).

Activities Performed During This Reporting Period

The following activities were performed by AVX or ARCADIS during this reporting period:

- Prepared monthly status reports.
- Performed post-injection groundwater monitoring following the second injection event of the enhanced reductive dechlorination (ERD) pilot study.
- Continued analysis of post-injection groundwater monitoring data for the ERD pilot study.
- Uploaded post-injection groundwater monitoring data into the database, tabulated the data, and updated trend graphs of monitored parameters.
- Began preparation for the third ERD pilot study injection event.

Our ref:
B0007393.0000

- Updated the groundwater flow and transport model to evaluate additional total organic carbon (TOC) delivery scenarios designed to improve sustainability of TOC at the mid-point between injection wells.
- Completed and submitted a revised air stripper construction permit application to the SCDHEC.
- Performed air stripper operational checks and adjustments.
- Completed and submitted the PDG Building Post-Demolition Report.
- Began drafting the Feasibility Study Report.
- Began drafting the ERD Pilot Study Interim Report.
- Coordinated the upcoming annual groundwater monitoring event.
- Updated and completed the air stripping water treatment system Operation and Maintenance Manual.
- Reconfigured the discharge for the air stripping water treatment system to eliminate the lift station and replace it with an in-line and abovegrade discharge booster pump.

Activities Planned for the Next Reporting Period

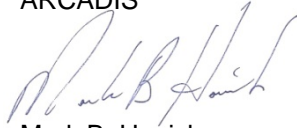

The following activities are expected to occur during the next reporting period:

- Begin and complete the third ERD pilot study injection event.
- Continue performing ERD pilot study post-injection groundwater monitoring.
- Continue evaluation of the ERD pilot study post-injection groundwater monitoring data.
- Complete the annual groundwater monitoring event.
- Continue preparation of the Feasibility Study Report.
- Continue preparation of the ERD Pilot Study Interim Report.

If you have any questions, please contact me at 724.742.9180, ext. 518.

Respectfully,

ARCADIS

Mark B. Hanish
Project Manager
