RE: Stakeholder Modified Removal Action
SCE&G Fleet Maintenance Site (Congaree River)
Columbia, South Carolina

Dear Mr. Effinger:

The South Carolina Department of Health and Environmental Control's State Voluntary Cleanup Program received notice from the U.S. Army Corps of Engineers that the historic properties Memorandum of Agreement (MOA) for the Stakeholder Modified Removal Action (SMRA) project is being finalized and prepared for signature. The Department understands that once the new historic properties MOA is signed by all parties and fully executed, the existing MOA for the Capping project would be terminated. The Department concurs with moving forward on finalizing the historic properties MOA for the SRMA.

If you have any questions feel free to contact me at (803) 898-0910 or at cassidga@dhec.sc.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Greg Cassidy", is written over a faint dotted line.
