  - A. The Property located at 606 North Main Street was a former dry cleaning operation known as Professional Cleaners. The owner/operator of Professional Cleaners was JoAnn B. Fowler. Ms. Fowler passed away in November 2009. Professional Cleaners operated at the Property from approximately April 1998 through November 2009. The business closed and the building was demolished sometime between 2012 and 2013.
  - B. According to the Limited Site Investigation dated October 2, 2015, Terracon Consultants, Inc. (Terracon) completed a Limited Site Investigation (LSI) at the Property. The LSI activities were to

- C. The LSI indicated the presence of chlorinated solvent volatile organic compounds (VOCs) in the groundwater, primarily tetrachloroethene, trichloroethene, and methylene chloride. The VOCs were above the Maximum Contaminant Levels (MCLs) under the Safe Drinking Water Act. Additionally, acetone, toluene, and cis-1,2-dichloroethene were detected in groundwater samples but below their MCLs.
