Oversight Costs include, but are not limited to, the direct and indirect costs of negotiating the terms of this Contract, reviewing Work Plans and reports, supervising corresponding work, and activities and costs associated with public participation. Payments will be due within thirty (30) days of the Department's invoice date. If complete payment of the Past Costs or of the quarterly billing of Oversight Costs is not received by the Department by the due date, the Department may bring an action to recover the amount owed and all costs incurred by the Department in bringing the action including, but not limited to, attorney's fees, Department personnel costs, witness costs, court costs, and deposition costs.

ACCESS

10. The Department, its authorized officers, employees, representatives, and all other persons performing Response Actions will not be denied access to the Site during normal business hours or at any time work under this Contract is being performed or during any environmental emergency or imminent threat situation, as determined by the Department (or as allowed by applicable law). CWI and subsequent owners of the Property shall ensure that a copy of this Contract is provided to any lessee or successor or other transferee of the Property, and to any owner of other property that is included in the Site. If CWI is unable to obtain access from the Property owner, the Department may obtain access and perform Response Actions. All of the Department's costs associated with access and said Response Actions will be reimbursed by CWI.

RESTRICTIVE COVENANT

11. If hazardous substances in excess of residential standards exist at the Property after CWI has completed the actions required under this Contract, CWI shall enter into and file a restrictive covenant. Upon the Department's approval of the items outlined

therein, the restrictive covenant shall be signed by the Department and representatives of CWI and witnessed; signed, and sealed by a notary public. CWI shall record this restrictive covenant with the Register of Deeds or Mesne Conveyances in Lancaster County. The signed covenant shall be incorporated into this Contract as an Appendix. A Certificate of Completion shall not be issued by the Department until the restrictive covenant, if required, is executed and recorded. With the approval of the Department, the restrictive covenant may be modified in the future if additional remedial activities are carried out which meet appropriate clean-up standards at that time or circumstances change such that the restrictive covenant would no longer be applicable. The Department may require CWI or subsequent owners of the Property to modify the restrictive covenant if a significant change in law or circumstances requiring remediation occurs. CWI or subsequent owners of the Property shall file an annual report with the Department by May 31st of each year detailing the current land uses and compliance with the restrictive covenants for as long as the restrictive covenant remains in effect on the Property. The report must be submitted in a manner prescribed by the Department.

OBLIGATIONS AND BENEFITS

12. Upon execution of this Contract by the Department, CWI, its signatories, parents, subsidiaries, successors, and assigns shall be deemed to have resolved their liability to the State in an administrative settlement for purposes of, and to the extent authorized under 42 U.S.C. § 9613(f)(2), S.C. Code Ann. § 44-56-200, for the matters addressed in this Contract. "Matters addressed" are all Response Actions taken or to be taken at or in connection with this Site under this Contract and any subsequent amendments to this Contract, and all response costs incurred or to be incurred under this Contract and any subsequent amendments to this Contract. Further, by resolving its liability to the State for some or all of a Response Action in this administrative settlement, CWI may seek contribution to the extent authorized under 42 U.S.C. § 9613(f)(3)(B), S.C. Code Ann. § 44-56-200 from any person who is not a party to this administrative settlement. A thirty (30) day comment period shall be required prior to the Department's execution of this

Contract and shall commence upon publication of the notice of this proposed Contract in the *South Carolina State Register*.

13. Nothing in this Contract is intended to be or shall be construed as a release or covenant not to sue for any claim or cause of action, past or future, that the Department may have against a responsible party who is not a signatory to this Contract and who is not a signatory's parent, subsidiary, successor, or assign.

14. Subject to the provisions of Paragraph 16, nothing in this Contract is intended to limit the right of the Department to undertake future Response Actions at the Site or to seek to compel parties to perform or pay for costs of Response Actions at the Site. Nothing in this Contract shall in any way restrict or limit the nature or scope of Response Actions that may be taken or be required by the Department in exercising its authority under State and Federal law.

15. Subject to the provisions of Paragraph 16, nothing in this Contract is intended to be or shall be construed as a release or covenant not to sue for any claim or cause of action that the Department may have against CWI for any matters not expressly addressed by and settled through this Contract.

16. Upon successful completion of the terms of this Contract, CWI shall submit to the Department a request for a Certificate of Completion.

Once the Department determines that CWI has successfully and completely complied with this Contract, the Department, pursuant to S.C. Code Ann. §§ 44-56-740(A)(5) and (B)(1), will give CWI a Certificate of Completion that provides a covenant not to sue to CWI, its signatories, parents, subsidiaries, successors, and assigns for the work done in completing the Response Actions specifically covered in this Contract and completed in accordance with the approved work plans and reports. The covenant not to sue and administrative settlement for purposes of contribution protection are contingent upon the Department's determination that CWI successfully and completely complied with this Contract.

In consideration of the Department's covenant not to sue, CWI, its signatories, parents, subsidiaries, successors, and assigns agree not to assert any claims or causes of action against the Department arising out of activities undertaken at the Site or to seek other costs, damages, or attorney's fees from the Department arising out of activities undertaken at the Site, except for those claims or causes of action resulting from the Department's intentional or grossly negligent acts or omissions.

17. CWI and the Department each reserve the right to unilaterally terminate this Contract. Termination may be accomplished by giving a thirty (30) day advance written notice of the election to terminate this Contract to the other party. Should CWI elect to terminate, it must submit to the Department all data generated pursuant to this Contract and certify to the Department's satisfaction that any environmental or physical hazard shall be stabilized and/or mitigated such that the Site does not pose a hazard to human health or the environment that did not exist prior to any initial Response Action addressing Contamination identified in this Contract.

18. The Department may terminate this Contract only for cause, which may include but is not limited to, the following:

- A. Events or circumstances at the Site that are inconsistent with the terms and conditions of this Contract;
 - B. Failure to complete the terms of this Contract or the Work Plan;
 - C. Failure to submit timely payments for Oversight Costs as defined in Paragraph 9 above;
 - D. Additional Contamination or releases or consequences at the Site caused by CWI, its parents, subsidiaries, successors, and assigns;
 - E. Providing the Department with false or incomplete information or knowingly failing to disclose material information;
 - F. Change in CWI's or its parents', subsidiaries', successors', and assigns', business activities on the Property or uses of the Property that are inconsistent with the terms and conditions of this Contract;
- or

- G. Failure by CWI to obtain the applicable permits from the Department for any Response Action or other activities undertaken at the Property.

19. Upon termination of this Contract under Paragraph 17 or 18, the covenant not to sue and administrative settlement for purposes of contribution protection shall be null and void. Termination of this Contract by CWI or the Department does not end the obligations to reimburse Oversight Costs already incurred by the Department and payment of such costs shall become immediately due.

20. The signatories below hereby represent that they are authorized to enter into this Contract on behalf of their respective parties.
